Multi-Component

Warehousing and Fulfillment

Mailing Services

TESTIMONIAL: A PARTNER FOR LIFE

“Proforma has been great to work with, especially when it comes to our packaging needs. We give our realtors what we call a “Luxury Property Selection Box” to take with them to house showings. The caveat is that our headquarters is based in Australia and thus there are different measurement requirements than here in the U.S. Calling upon Proforma, they were able to provide us with the same high quality product we are used to, with the proper dimensions and a quick turn-around time! When you can give us great pricing, amazing service and top quality solutions, you’ve made a partner for life. That’s what Proforma has done for us.”

-Christy Barcelo, Marketing Manager, Harcourts USA

THE KEY TO MAXIMIZING THE IMPACT OF YOUR PROGRAM IS TO ASK YOURSELF:

1. How are we going to ship/deliver this product?
2. What is the plan for this marketing project?
3. What do we want people to do with this product?
